From The Presidents Desk

“Presidents Term”

by Mark Adams

Friends and fellow riders, I write this article as my term as club President comes to an end. Part of me is relieved to pass the duties and responsibilities on to others while part of me is sad to give up the wheel and let someone else drive. I love this sport and giving of myself so that everyone involved with the club could enjoy themselves wasn't work. It was something that I enjoyed doing. As hard as it was to fill worker positions at away tracks like The Landings in Easton, MD., it was ultra cool to be standing in the tower at Budds Creek for the Pro-National. As tough as it was to deal with the loss of a fellow member Scott Lambert this year, it was also super rewarding to pay tribute to the late local racer Kevin Crine and give his wife some closure by honoring him as part of our Privateer Award program. Dealing with the loss of a loved one affects us all

in different ways, but together we are stronger and everyone in this club of ours is family and we know from this year's experience that no one will be forgotten or left behind. As hard as this year was on me both mentally and physically, I can say that it has also been one of the most educational and rewarding experiences I have had thanks to the help of my fellow board members and friends in the club. SMDR is both larger and stronger today than it was when I first joined. We are positioned to continue operations into the future and have great things to look forward to like next year's Pro-Nationals and more importantly the Motocross Des Nations. Besides these exciting events, we have charity work to perform. Recently, we raised more than 400 lbs. of food and nearly \$200.00 that were donated to the Hughesville Food Bank. Now we begin our annual Toy Drive. Both the LPC and SMDR groups will be collecting

November 8, 2006 SMDR Meeting & Board Elections

new unwrapped toys to distribute to those less fortunate than us. And of course there is the Christmas in April project where our club's construction skills (or lack there of) get put to good use helping out a local family in need of housing restoration. When I consider all these things in addition to the simple pleasure of riding my motorcycle with people just like me, I am certain that there is no other place I want to be in this world. For that reason, I am not leaving to take a well earned break from all this. I will be here enjoying myself and continuing to contribute where and when it is needed. Our future looks bright and I am confident that more enjoyable memories are just over the horizon. See you there !

SMDR's Meeting Schedule

Our monthly general meeting will be back at the SMECO building in White Plains, Maryland (across from Atlantic Cycle) from 7:00 PM to 9:30 PM. Please remember, no food or drinks are allowed in the meeting hall at SMECO.

13. Nov. 8, 2006-SMDR Meeting at SMECO

Meeting Minutes October 2006 by Ray Rands

Our Monthly meeting was held on October 11th, 2006 at the SMECO Building in White Plains, MD. The meeting was opened by our Vice President Todd Fuksa, Not a lot going on this month except the food drive for Catholic Charities, Lets have a good drive this year, and Todd goes over the Ride Schedule for the remaining year. The SMDR annual Center for Children Christmas gift / parade will be on December 11th, at the Waldorf Jaycee Hall, this year as years pass there will be about 225 children, more details to follow. Rick Lukasik takes the floor and speaks about the LPC riding area and there upcoming rides. Please if you haven't already done so, check out the SMDR website Eva (aka - web mistress) has done an outstanding job designing and updating it daily. The Blue Chapter takes the floor; another trespasser has had his bike impounded, remember you as members can only ride on the sanction ride dates that are posted on the Website or on the Ride line, also the Blue Chapter donated several Multi-medic bags to the club, this is a life saver, we can't thank you enough (hat's off to you). Todd went over the outstanding picnic the club just had at Budds Creek, with the great food that was out of this world. This year the SMDR Christmas party will be held on December 2nd at the Laplata's FOP Lodge starting at 2 o'clock

till 10 o'clock, directions will follow. Mike Baker takes the floor and goes over the highlights of this years Motocross of Nations that took place over the pond in England , over 45,000 spectators were on hand for the Sunday's main event , 2007 Motocross of Nations will be in our on backyard – September 22nd and 23rd 2007. The Treasurer Karen Acton goes over the account which has \$12,018 to report. Also board nominations where made, anyone can be nominated, Remember to come out for the November meeting to vote. Meeting closed

Ride with Protection using New AIRBAG Technology! Hit*Air.

By Gery VanderVliet

Our family has been involved with SMDR for 10 years now and we look forward to another 10 or more. We've been racing motocross, street riding, running ATV's, trail riding, and meeting great people involved with the industry along the way. We love the sport of motorcycling; unfortunately we've also had our more-than-fair share of visits to the Hospital Emergency room.

Many of you know me, and my continuous ability to execute some spectacular crashes. Our son Nate had his first serious wreck this spring and was flown out of Budds. The increased popularity of the sport, and the seemingly increased performance of

(Continued on page 3)

(Continued from page 2)

these motorcycles, is now making headlines with regard to influencing serious injury. Both at the professional and amateur levels, we now routinely hear about life-changing crashes associated with neck and spinal cord injuries. The risks are high and I've been asking why there isn't better safety equipment available.

Well, I finally got an answer that I like. When Nate was racing the Loretta's Regional at High Point this year, we were introduced to a product called the **Hit*Air Airbag Safety System**. It's an airbag vest (jackets too) that fully protect the neck, spine, tailbone, lungs and ribs in the event of a high-speed separation from the motorcycle. The concept is simple and reliable. If you crash your bike and inflate the bag, you are instantly surrounded by a protective, but not overly cumbersome, airbag...it's an awesome feeling. After inflation you can keep racing as the bag automatically deflates.

After seeing it in action I knew this could have a huge impact on the safety of our kids (old and young), so I decided to help bring this product to the US (there have been thousands sold in Europe and Japan since 2002). We began trail riding, practicing, and racing with the vests to test them. They worked great. After a few minutes of riding we never even noticed the CO2 cartridge or the lanyard. In fact the vest alone provided ample roost protection and is far more comfortable than a standard chest protector. Needless to say, it has already saved me

from injury on several crashes, and we've witnessed numerous airbag "saves" at MAMA races. If you feel safer in a car with an airbag, and you should, there is every reason you should wear one of these jackets or vests while riding your dirt bike or street bike. As with helmets, safety gear won't be accepted by all. But for those who are looking for extra protection as their kid goes for "the big double," practice or racing, now the technology exists. It's affordable, attractive, completely reusable, and it works.

A friend of ours was recently riding his street bike on I95 in DC and was cutoff at 70mph. He was pushed into the guard rail and ejected from the bike onto the highway. Luckily he was wearing an airbag jacket. No joke...he walked away from that crash citing the airbag saved his life. His name is Mitch Kehn, and you can see his totaled bike sitting at Bob's BMW in Jessup.

If you'd like more information, log on to www.gohitair.com, email us at sarah@gohitair.com, or call the **Hit*Air** office at 301-392-3779. As an SMDR sponsor, you can order vests and jackets directly from the distributor at 15% off.

SMDR Board Of Directors Elections November 2006

ARTICLE II

SECTION 8. Voting. At all meetings of members every member entitled to vote thereat shall have one (1) vote. If the chairman of the meeting shall so determined, a vote by ballot may be taken upon the request of ten percent (10%) or more of all of the members present and entitled to vote on such election or matter. Official written ballots will be distributed to the qualified voting members.

ARTICLE III

SECTION 2. Number of directors. The number of directors shall be five (5). Directors must be active members. The directors shall serve for a period of one (1) year or until the next annual meetings. At each annual meetings the successor directors shall be elected to hold office for term of one (1) year. There are no limits to how many terms an officer may serve as long as they are voted into office.

ARTICLE IV

Officers

SECTION 1. Election, Tenure and Compensation. The officers of the Corporation shall be a President, Vice-president, a Secretary, a Treasurer and a Records Director, and also such other officers, and/or one or more assistants to the foregoing officers as the Board of Directors from time to time may consider necessary for the proper conduct of the business of the Corporation. All officers of the Corporation shall be members of the American Motorcyclist Association. All officers must be at least eighteen (18) years of age. Candidates for the

prospective offices must be nominated by active members. All elective offices shall be filled at an annual election to be held on the second Wednesday of November of each year and all officers shall hold office for one year or until a successor is elected and qualified. All nominated candidates running for office will be decided upon by a of those qualified members present at the majority of votes meeting. Except where otherwise expressly duly authorized by the Boar of Directors, all officers and agents of the corporation shall be subject to removal at any time by the affirmative vote of a majority of the whole Board of Directors.

SECTION 2. Powers and Duties of the President. The President shall be the chief executive officer of the Corporation and shall have general charge and control of all its business affairs and properties. He shall preside at all meetings of the members. The President shall vote only when necessary to break a tie. The President may sign and execute all authorized bonds, contracts or other obligations in the name of the Corporation. He shall have the general powers and duties of supervision and management usually vested in the office of president of a corporation. The President shall be ex-officio a member of all the standing committees. He shall do and perform such other duties as may, from time to time, be assigned to him by the Board of Directors.

SECTION 3. Powers and Duties of the Vice President. The active members shall

elect a Vice President. Any Vice President (unless otherwise provided by resolution of the Board of Directors) may sign and execute all authorized bonds, contracts, or other obligations in the name of the Corporation. The Vice President shall have such other powers and shall perform such other duties as may be assigned to him by the Board of Directors or by the President. In case of the absence or disability of the President, the duties of that office shall be performed by the Vice President, and the taking of any action by the Vice President in place of the President shall be conclusive evidence of the absence or disability of the President.

SECTION 4. Secretary. The Secretary shall give, or of all meetings of members and required by law or by these By Laws, and in case of his absence or refusal or neglect to do so, any such notice may be given by any person there unto directed by the President, or by the directors or members upon cause to be given, notice. directors and all other notices whose written request the meeting is called as provided in these by-laws. The Secretary shall record all the proceedings of the meeting of the members arid of the directors in the other provided for that purpose, and he shall perform such other duties as may be assigned to 'him by the directors or the President. He shall have the custody of the seal of the Corporation and affix: the same to all instruments requiring it, when authorized by the Board of Directors or the President, and attest the same. In general, the Secretary shall perform all the duties generally incident 'to the office of Secretary, sub-

ject to the control of the Board of Directors an the President.

SECTION 5. Treasurer. The Treasurer shall have custody of all the funds and securities of the Corporation, and he shall keep full and accurate account of receipts and disbursements in books belonging to the Corporation. He shall deposit all moneys and other valuables in the name and to the credit of the Corporation in such depository or depositories as may be designated by the board of Directors.

SECTION 6. Records Director: The Records Director is responsible for maintaining, updating, and reviewing all membership records
